ELECTRICAL COMMUNICATION

INDEX TO VOLUME VIII

1929-1930

ELECTRICAL COMMUNICATION

Volume VIII, 1929-1930

INDEX

		Page
Aluminium Electrolytic Condenser, The, by *R. E. W. Maddison*	October, 1929	109
Appleyard, Rollo: Pioneers of Electrical Communication—Claude Chappe—IX	October, 1929	63
Automatic Telephony in the Zürich Area, by *E. Wollner*	October, 1929	97
Billing, Ivar: Intercall Selector System on the Swedish State Railway	July, 1929	16
Buttner, H. H.: The New York-Buenos Aires Radio Circuit	April, 1930	259
Calculation of the Articulation of a Telephone Circuit from the Circuit Constants, by *John Collard*	January, 1930	141
Caldwell, Fred T.: Inauguration of Madrid-Buenos Aires Radio Telephone Link	February, 1930	249
Capek, A.: High Efficiency Multiple Magneto Boards	October, 1929	89
Chappe, Claude (Pioneers of Electrical Communication—IX), by *Rollo Appleyard*	October, 1929	63
Collard, John: Calculation of the Articulation of a Telephone Circuit from the Circuit Constants	January, 1930	141
Control of Release Time of Relays in Automatic Telephone Systems, by *R. St. G. Terry*	July, 1929	9
Craft, Edward Beech—In Memoriam	October, 1929	108
Creed, F. G.: The Creed High Speed Morse Printing Telegraph System	July, 1929	52
Creed High Speed Morse Printing Telegraph System, The, by *F. G. Creed*	July, 1929	52
Czechoslovakian Cable System, by *F. J. Stringer, W. F. Marriage* and *E. L. E. Pawley*	January, 1930	179
Dalzell, D. P.: A New Contribution to the Rational Design of Telephone Cables	January, 1930	173
Deloraine, E. M.: The Use of Short Waves in Radio Communication	February, 1930	213
Determination of the Desirable Attenuation-Frequency Characteristic of a Long Toll Circuit, The, by *A. R. A. Rendall*	April, 1930	320
Development of Broadcasting in Japan, by *V. H. G. Parker*	October, 1929	81
Electrical Communication in 1929	January, 1930	202
Electrical Frequency Analyzer, An, by *Masatsugu Kobayashi*	April, 1930	315
Fairbank, N. K. and *Gray, G. H.:* Madrid-Buenos Aires Radio Link and Its Wire Connections	February, 1930	208
Fairbank, N. K. and *Ullrich, E. H.:* Short Wave Directive Transmitting and Receiving Antennas	February, 1930	235
Freeth, L. G.: The London-Paris-Madrid Telephone Service	January, 1930	196
Fremery, de, F. and *Thomas, P. R.:* Terminal Equipments for Short Wave Point to Point Radio Links	February, 1930	242
Gibson, W. T.: Thermionic Vacuum Tubes for Short Waves	February, 1930	230
Gray, G. H. and *Fairbank, N. K.:* Madrid-Buenos Aires Radio Link and Its Wire Connections	February, 1930	208
Gray, G. H.: The Unit of Transmission and the Transmission Reference System	July, 1929	42
Gray, R. E. and *Ullrich, E. H.:* Short Wave Radio Telephone and Telegraph Receivers	February, 1930	224

		Page
Harper, E.: The Training of Local Staff in Ceylon for Communication Engineering Works	January, 1930	164
Hatton, W.: A Rural Rotary Automatic Telephone System Installed at Herrliberg	July, 1929	3
Herrera, Santiago Serra: Public Address Systems in the Barcelona and Seville Exhibitions	January, 1930	135
High Efficiency Multiple Magneto Boards, by *A. Capek*	October, 1929	89
Hinton, L. T., Rendall, A. R. A. and *White, C. S.:* Phase Relations in Unbalanced Two-way Telephone Repeaters	July, 1929	34
Inauguration of Madrid-Buenos Aires Radio Telephone Link, by *Fred T. Caldwell*	February, 1930	249
In Memoriam—Edward Beech Craft	October, 1929	108
In Memoriam—Dr. M. Merker	January, 1930	139
Intercall Selector System on the Swedish State Railway, by *Ivar Billing*	July, 1929	16
Introduction to Special Issue on Madrid-Buenos Aires Short Wave Radio Telephone Link, by *G. H. Nash*	February, 1930	207
Jillard, A. G.: The Modern Plant of the Nippon Electric Company, Limited, at Tokyo	July, 1929	28
Kobayashi, Masatsugu: An Electrical Frequency Analyzer	April, 1930	315
Latimer, K. E.: Methods of Locating Crosstalk Faults on Loaded Cables	July, 1929	45
Lightning Damage to Toll Cable	January, 1930	194
London-Paris-Madrid Telephone Service, The, by *L. G. Freeth*	January, 1930	196
Maddison, R. E. W.: The Aluminium Electrolytic Condenser	October, 1929	109
Madrid-Buenos Aires Radio Link and Its Wire Connections, by *G. H. Gray* and *N. K. Fairbank*	February, 1930	208
Marriage, W. F., Stringer, F. J. and *Pawley, E. L. E.:* Czechoslovakian Cable System	January, 1930	179
Merker, Dr. M.—In Memoriam	January, 1930	139
Methods of Locating Crosstalk Faults on Loaded Cables, by *K. E. Latimer*	July, 1929	45
Modern Plant of the Nippon Electric Company, Limited, at Tokyo, The, by *A. G. Jillard*	July, 1929	28
Nash, G. H.: Introduction to Special Issue on Madrid-Buenos Aires Short Wave Radio Telephone Link	February, 1930	207
New Contribution to the Rational Design of Telephone Cables, A, by *D. P. Dalzell*	January, 1930	173
New York-Buenos Aires Radio Circuit, The, by *H. H. Buttner*	April, 1930	259
Niwa, Yasujiro: A System of Electrical Transmission of Pictures	April, 1930	283
Parker, V. H. G.: Development of Broadcasting in Japan	October, 1929	81
Pawley, E. L. E., Stringer, F. J. and *Marriage, W. F.:* Czechoslovakian Cable System	January, 1930	179
Phase Relations in Unbalanced Two-way Telephone Repeaters, by *L. T. Hinton, A. R. A. Rendall* and *C. S. White*	July, 1929	34
Pioneers of Electrical Communication, Claude Chappe—IX, by *Rollo Appleyard*	October, 1929	63
Pocock, L. C.: Progress in Subscribers' Transmission Apparatus	April, 1930	265
Pocock, L. C.: The "Solid Back" Carbon Button Telephone Transmitter	July, 1929	49
Power Plant for Unattended Automatic Telephone Exchanges, by *E. Wollner*	April, 1930	309
Progress in Subscribers' Transmission Apparatus, by *L. C. Pocock*	April, 1930	265
Public Address Systems in the Barcelona and Seville Exhibitions, by *Santiago Herrera Serra*	January, 1930	135
Rapid Toll, Suburban and Rural Automatic Telephone Services in Tuscany, by *L. A. Zanni*	April, 1930	296
Reinoehl, R. M.: Salesmanship in Telephone Development	July, 1929	25
Rendall, A. R. A.: The Determination of the Desirable Attenuation-Frequency Characteristic of a Long Toll Circuit	April, 1930	320
Rendall, A. R. A., Hinton, L. T. and *White, C. S.:* Phase Relations in Unbalanced Two-way Telephone Repeaters	July, 1929	34

		Page
Rural Rotary Automatic Telephone System Installed at Herrliberg, A, by *W. Hatton*	July, 1929	3
Salesmanship in Telephone Development, by *R. M. Reinoehl*	July, 1929	25
Sanborn, J. W.: Type D-1 Single Channel Short Haul Carrier Telephone System	October, 1929	122
Short Wave Directive Transmitting and Receiving Antennas, by *E. H. Ullrich* and *N. K. Fairbank*	February, 1930	235
Short Wave Radio Telephone and Telegraph Receivers, by *E. H. Ullrich* and *R. E. Gray*	February, 1930	224
"Solid Back" Carbon Button Telephone Transmitter, The, by *L. C. Pocock*	July, 1929	49
"Standard" Short Wave Radio Transmitters, The, by *C. E. Strong*	February, 1930	216
Stringer, F. J., Marriage, W. F. and *Pawley, E. L. E.:* Czechoslovakian Cable System	January, 1930	179
Strong, C. E.: The "Standard" Short Wave Radio Transmitters	February, 1930	216
System of Electrical Transmission of Pictures, A, by *Yasujiro Niwa*	April, 1930	283
Telephone and Telegraph Statistics of the World	October, 1929	128
Terminal Equipments for Short Wave Point to Point Radio Links, by *F. de Fremery* and *P. R. Thomas*	February, 1930	242
Terry, R. St. G.: Control of Release Time of Relays in Automatic Telephone Systems	July, 1929	9
Thermionic Vacuum Tubes for Short Waves, by *W. T. Gibson*	February, 1930	230
Thomas, P. R. and *de Fremery, F.:* Terminal Equipments for Short Wave Point to Point Radio Links	February, 1930	242
Training of Local Staff in Ceylon for Communication Engineering Works, The, by *E. Harper*	January, 1930	164
Type D-1 Single Channel Short Haul Carrier Telephone System, by *J. W. Sanborn*	October, 1929	122
Ullrich, E. H. and *Fairbank, N. K.:* Short Wave Directive Transmitting and Receiving Antennas	February, 1930	235
Ullrich, E. H. and *Gray, R. E.:* Short Wave Radio Telephone and Telegraph Receivers	February, 1930	224
Unit of Transmission and the Transmission Reference System, The, by *G. H. Gray*	July, 1929	42
Use of Short Waves in Radio Communication, The, by *E. M. Deloraine*	February, 1930	213
Voice Frequency Dialling: Field Trial and Demonstration in Italy of Four Frequency Toll Signalling System	April, 1930	306
White, C. S., Hinton, L. T. and *Rendall, A. R. A.:* Phase Relations in Unbalanced Two-way Telephone Repeaters	July, 1929	34
Wollner, E.: Automatic Telephony in the Zürich Area	October, 1929	97
Wollner, E.: Power Plant for Unattended Automatic Telephone Exchanges	April, 1930	309
Zanni, L. A.: Rapid Toll, Suburban and Rural Automatic Telephone Services in Tuscany	April, 1930	296
